

COURSE **COMPLETION** CERTIFICATE

30 DAYS ADVANCED **VIDEO EDITING** COURSE

Proudly presented to :

Muhammed Aslam

has successfully completed the **30-Day** Offline Video Editing Course conducted by **ROOTMEDIA**.

This intensive, hands-on program is designed for intermediate video editors and content creators looking to sharpen their skills and build a professional-grade portfolio. Over the duration of the course, **Muhammed Aslam** demonstrated a strong grasp of platform-specific editing strategies, content structuring, and real-world project execution across various content types and industries.

In addition to technical editing, the course included training in content writing for video — a crucial component of digital storytelling. **Muhammed Aslam** showed consistent dedication, creativity, and professionalism throughout the program, completing all assignments and practicals with excellence.

By successfully completing this course, he is now equipped with the skills and confidence to pursue opportunities in freelance, agency, or corporate content creation.

A handwritten signature in black ink, appearing to read 'Faris Root'.
